

Educational golf Scholarship program

The Alhaji Drammeh Golf Academy is focused on teaching kids to play golf and succeed through a dedicated approach to education and the life skills that golf can teach them.

Golf is not just a sport or a game, it's a way of life, which contributes and develops our discipline, patience, focus, drive, critical thinking skills, humility, humbleness, communication skills and a sense of self-worth. As some of the most famous names in Golf once said:

«Success in golf depends less on strength of body and more on strength of mind and character»

- Arnold Palmer

«Education is a priority over any sport because without a mind you can't contribute to society.»

- Tiger Woods

How it works

The Alhaji Drammeh Golf Academy has approached schools locally in the Gambia to provide education to kids who wish to play golf and an education. Thus allowing kids' education and golf combined in one easy format.

Each participant of the academy must attend school. Children go to class, practice before/after school. Providing a safe environment and a structured environment for development.

How do you help

We are looking for your **support**. We would like you to **participate** by **contributing** what you can to help a child to get education and to practice their golf so they can better their lives and **give them an opportunity** to use the skills they learn. We have 3 levels of contribution:

What you will receive

As a participant, sponsor and donor, you will receive a mention on the wall of merit, **A specialized Gambia medal from the academy** and an invite to participate in the draw for a flight to Gambia to play a round of golf at the academy and the kids you are supporting.
