FEATURES

Lifetime Limited Warranty

Digger Specialties, Inc. is proud to offer one of the strongest warranties in the industry. CourtYard® Aluminum Fencing is covered by our Aluminum Lifetime Limited Warranty. Our Warranty demonstrates our faith in our product and our commitment to you.

Click QR Code to view and register a DSI warranty or visit the DSI website.

Committed to the Environment and our Community

DSI is proud to be an environmentally aware company that continues to update practices to reduce our carbon foot-print. DSI consistently recycles cardboard, wood, steel banding, zinc die cast, and heat shrink scrap. DSI also utilizes both aluminum and vinyl extrusions that contain recycled content. DSI is pleased to support our community by outsourcing a portion of our packaging functions to a local company that provides meaningful employment to individuals with disabilities.

Pool Code Approved

CourtYard® Aluminum Fencing combines safety with style. Fence models marked with this symbol comply with ASTM F1908 for height and spacing. See individual model charts on pages 7 – 12 for availability and restrictions. Check with your local building code officials as local codes may differ.

Puppy Picket Option (Short Picket Option)

CourtYard® Aluminum Fencing offers pet owners peace of mind. Fence models marked with this symbol offer a Puppy Picket Option (short picket option). See individual model charts on pages 7 – 12 for availability and restrictions. These added pickets help keep animals in or out of your yard. For more information see Page 18.

1

Hidden Rail Locks

Our patented Hidden Rail Locks secure the section into the routed holes of the post.

Patent #US 7,134,647 B2

2

Hidden E-Clips

Our patented Hidden Picket Fasteners eliminate scratches and unsightly screws.

Patent #US 7,152,849 B2

3

Welded Gates

CourtYard® Aluminum Gate rails and pickets are welded at each connection for added strength and durability.

4

Assembled Sections

CourtYard® Aluminum Fencing sections come factory assembled for quick installation.

CourtYard® 7000 Series is available in Satin Black only.

POWDER COATING PROCESS

Exclusive DSI Powder Coating Process

DSI is an industry leader in Powder Coated Aluminum Products. State-of-the-art technology is used to provide a high-quality and durable finish that is more resistant to the effects of impacts, chemicals, ultra-violet light, moisture, and extreme weather conditions.

The process begins with a system certified by the Powder Coating Institute (PCI) and continues with the American Architectural Manufacturers Association (AAMA) / Fenestration and Glazing Industry Alliance (FGIA) verifying our Powder Coating. These stringent processes provide homeowners with peace of mind in their investment.

Our Aluminum Lifetime Limited Warranty includes a Fade Warranty as well as a Salt and Abrasive Environments Warranty providing one of the best warranties in the industry.

1
The raw premium-grade aluminum is inspected to be free of blemishes and is not exposed to the outdoor elements.

2
The product enters a heated cleaning stage to remove extrusion debris and fabrication oils.

3-6
Clean: City water rinse
Cleaner: Recycling reverse osmosis water rinse
Cleanest: Pure reverse osmosis water rinse
Sealer: Dried-in-place aluminum sealer

7-8
A 200 MPH air blast removes water drops from the pre-treated aluminum.
A convection oven completes the dry-off process.

9
Powder is applied with 18 automated and 2 manual spray guns. Compressed process air is dried to -35°F Dew Point for superior adhesion.

10
The powder coating is then bonded and adhered to the aluminum substrate in a 400 degree cure stage.

FLAT TOP

MODELS

Perfect for around a pool, the classic Flat Top offers clean and simple lines in 2, 3, or 4 rail designs. Double Picket and Ring models are available to add definition to your outdoor living space.
