

GREEN FLOW CANADA

# PlyntBlend Universal Cleaner

Transform your Office, Facility, Warehouse or Home Cleanliness

Exclusive to Green Flow Canada, Powered by Plynt Tech

We believe every business and family deserves a clean, healthy home without compromising our planet's future. That's why PlyntBlend's advanced plant-based technology brings you a revolutionary surface deodorizer and cleaner that makes eco-friendly cleaning simple and accessible for every plant facility, camp, school and hotel.

Experience the power of molecular cleaning technology in every bottle of PlyntBlend. Our advanced formula, with particles just 1.2 nanometers in size, works at a microscopic level to lift away dirt and grime effortlessly. This ready-to-use solution tackles everything from everyday spills to stubborn outdoor stains, making it your go-to cleaner for every surface around you.

Whether you're refreshing your kitchen counters, cleaning your boat, or tackling tough driveway stains, PlyntBlend delivers exceptional results while staying true to our commitment to environmental responsibility. It's more than just a cleaner – it's a smarter way to care for your business or home and our planet.

## Key Benefits:

- Safe for All Surfaces - Clean with confidence on any surface from stove tops to hot tubs
- No Harsh Chemicals - Plant-based formula keeps you safe
- Easy to Use - Simply spray on and rinse or wipe off
- Earth-Friendly - Sustainable cleaning without environmental compromise

One Solution, Every Surface, Pure Results
