It is an offence to fail to make a referral without good reason.

8. Information sharing

Soulful Co Limited will co-operate in the sharing of appropriate information based on the the seven golden rules to sharing information are (adapted from [Information Sharing: Advice for Practitioners providing safeguarding services for children, young people, parents and carers \(May 2024\)](#)):

1. All adults at risk have a right to be protected from abuse and neglect. Protection from such harm takes priority over protecting their privacy, or the privacy rights of the person(s) failing to protect them.
2. When you have a safeguarding concern, wherever it is practicable and safe to do so, engage with the adult at risk and/or their carer(s), and explain who you intend to share information with, what information you will be sharing and why.
3. You do not need consent to share personal information about an adult at risk and/or members of their family if they are at risk or there is a perceived risk of harm.
4. Seek advice promptly whenever you are uncertain or do not fully understand how the legal framework supports information sharing in a particular case.
5. When sharing information, ensure you and the person or agency/organisation that receives the information take steps to protect the identities of any individuals (e.g., the adult at risk, a child, a carer, a neighbour, or a colleague) who might suffer harm if their details became known to an abuser or one of their associates. Ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up to date, is shared in a timely fashion, and is shared securely.

6. Only share relevant and accurate information with individuals or agencies/organisations that have a role in safeguarding the adult at risk and/or providing their family with support, and only share the information they need to support the provision of their services.
7. Record the reasons for your information sharing decision, irrespective of whether or not you decide to share information.

Any exchange of information must be in accordance with the Data Protection Act 2018, the Human Rights Act 1998, and the Caldicott Principles.

In *Soulful Co Limited* work, the starting point for information sharing is to follow the steps in Sections 5 or 6 of this policy.

Soulful Co Limited will keep secure records of any work undertaken under this policy including all concerns received and all referrals made, and the responses made to these concerns and referrals. We will keep a record of the decision – whether it is to share information or not - and the reasons for it. If we decide to share, then we will record what we have shared, with whom and for what purpose.

9. Being alert to signs of abuse and neglect and taking action

All staff and volunteers should be alert to the signs and triggers of abuse, maltreatment, neglect and harm. The impact of harm on a person is what is important, not who did it or what the intent was. Our aim is to protect people from abuse and avoidable harm, whether deliberate or not.

Abuse is behaviour towards a person that either deliberately or unknowingly, causes him or her harm or endangers their life or their human or civil rights. Abuse can take place in any setting, public or private, and can be perpetuated by anyone. Abuse includes physical, sexual, psychological, financial, discriminatory abuse, organisational, modern slavery, domestic abuse, self-neglect and acts of neglect and omission.

Soulful Co Limited will ensure all staff and volunteers are aware of;

- the signs of abuse and neglect,
- how to handle a disclosure
- through induction, training and supervision.

The seriousness or extent of abuse is often not clear when anxiety is first expressed. If a member of staff or volunteer is in any way concerned, they should raise their concerns with the nominated safeguarding lead person.
