# CONFERENCE OVERVIEW

3<sup>rd</sup> CLEPSO Meeting, March 14<sup>th</sup> – 15<sup>th</sup> 2013, Solingen, Germany

The Clinical Epigenetics Society (CLEPSO) and the Clinical Epigenetics working group of the German Society for Hematology/Oncology (DGHO) are delighted to announce the Third Clinical Epigenetics International Meeting 2013, which will take place on March 14<sup>th</sup> and 15<sup>th</sup> 2013 at the Romantik Hotel Gravenberg in Langenfeld (~3 km from Solingen/Ohligs) in Germany.

The objective of this scientific meeting is to bring together some of the world leaders in clinical epigenetics to discuss recent advances and to explore new avenues for research.

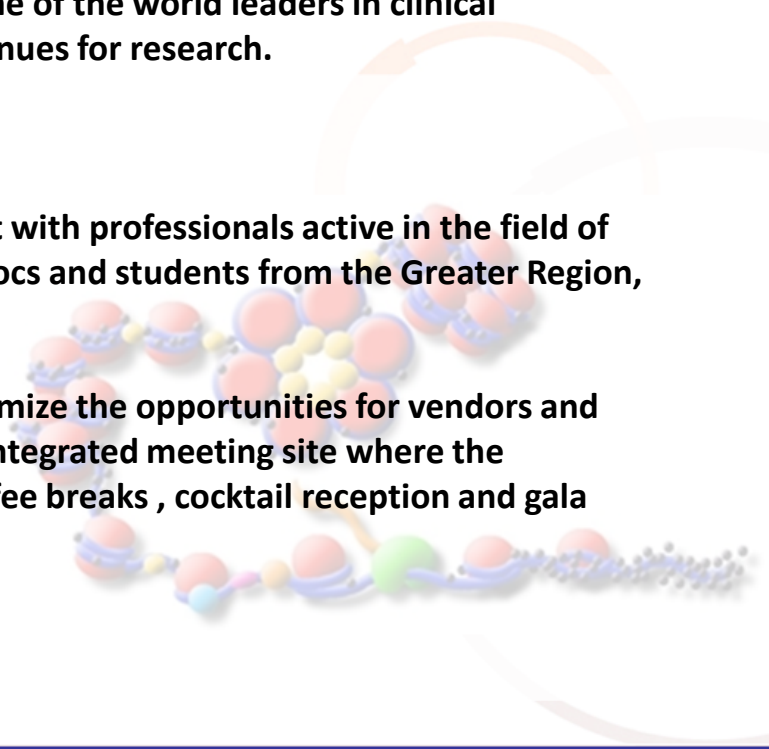

## **A perfect opportunity for vendors...**

This conference is a perfect opportunity for vendors to interact with professionals active in the field of clinical epigenetics. About 200 scientists and clinicians, post-docs and students from the Greater Region, Europe and worldwide are expected to attend the conference.

The venue and conference schedule have been chosen to maximize the opportunities for vendors and participants to interact. The Gravenberg Hotel guarantees an integrated meeting site where the exhibition, scientific presentations, poster viewing, lunch, coffee breaks, cocktail reception and gala dinner will take place.

The conference website is now open:
