### **About Aspire:**

*Aspire Indiana Health is a nonprofit, fully integrated “whole health” provider serving Hoosiers for more than 50 years. We offer wide-ranging services including primary medical care, behavioral health, addictions services, residential treatment for substance use disorder, recovery housing, and programs addressing social determinants of health such as housing and employment.*

*Aspire has health centers in Boone, Hamilton, Madison and Marion counties, but our outreach programs extend across much of Indiana.*

*Primary care and behavioral health services are provided in an Aspire health center, in a home, school or community-based setting, as well as through Video in Person appointments over a computer or mobile device.*

*Aspire is certified as a Federally Qualified Health Center (FQHC) as well as an Indiana Community Mental Health Center (CMHC). We also operate group homes for adults with mental or behavioral disorders and certified recovery residences such as Progress House.*
