

Mechanics for machine-building and plant engineering (m/f/d)

Reference number: 121

As a fitter in the mechanical field you will work in our assembly teams primarily regionally but also throughout Germany and/or world-wide. In a variety of projects you will contribute your specialist knowledge and help to ensure the successful conclusion of the work of the team.

Your principal tasks

- Dismantle and reassemble machines and systems mechanically;
- Work with plans and documents (mechanical);
- Use measuring equipment reliably;
- Professionally self-assured manner with appropriate customer-orientation;
- Work self-reliantly and self-responsibly.

Your profile

- Conclusion of a training or a similar education as fitter, machine fitter or mechanical engineer or having comparable qualifications;
- Alternatively, you may be a career changer with verifiable experience in the field of assemblies and a motivation of further development;
- Assembly work experience;
- Distinct ability to work in a team;
- Commitment to work and awareness of safety and responsibility;
- B-class driving license;
- Readiness to travel.

Advantage

- Forklift truck license;
- Knowledge of foreign languages;
- 2/C1 driving license.
