

Assembly manager / senior fitter - mechanical (m/f/d)

Reference number: 123

As an Assembly manager / senior fitter in the mechanical field you are the first contact for our customers on the construction site. You will co-ordinate the construction site matters and ensure that everything runs smoothly there. With your assembly team you will primarily work regionally but also throughout Germany and/or world-wide. In different projects you will contribute your specialist knowledge and know-how to ensure that the work can be completed in cooperation with the project manager.

Your principal tasks

- Manage the construction site in consultation with the project manager or, as the case may be, with the customer;
- Where appropriate, optimize the work processes and monitor the due dates;
- Dismantle and reassemble machines and systems mechanically;
- Install, service and maintain the systems;
- Work with plans and documents (electrical/mechanical);
- Use measuring equipment safely;
- Professionally self-assured manner with appropriate customer-orientation;
- Work self-reliantly and self-responsibly;

Your profile

- Conclusion of a training in the mechanical field (e.g. as a machine fitter or mechanical engineer) or training in the electrical field with extensive professional experience in mechanical assembly work;
- Knowledge and experience in the field of mechanical engineering and plant engineering or plant equipment;
- Executive abilities and distinct ability to work in a team;
- Commitment to work and awareness of safety and responsibility;
- B-class driving license;

- PC knowledge;
- Readiness to travel;
- Knowledge of foreign languages.

Advantage

- Forklift truck license;
- Lifting platform license;
- Crane license.
