Important Notes:

1. We encourage you to bring your farm income records to our office as soon as possible so we may begin work on your farm statement. Files are worked on in the order they are received so it is in your best interest to bring them in as soon as you can. Please do not wait for all of your personal tax slips to arrive.
2. Your records should be added and balanced. Should you wish our firm to add and balance your records, there will be an additional fee charged for that service. Hourly rates would apply in the amount of approximately \$95/hr.
