

# Women's Conference

The 2023 NCBA Women's Conference, "Wrinkle Free Woman", was at capacity before we even reached the deadline! Praise the Lord! What a great problem to have.

When planning for the 2024 conference, we'll move to a larger venue as we have realized the strong need for such an event in our area.

Thank you for your support and understanding as we bring this new ministry opportunity to our area.

*a word from Dr. Clark...*

Deuteronomy 4:29 "from there you will seek the Lord your God, and you will find Him if you seek Him with all your heart and with all your soul."

Revival!! Is there revival going on at Asbury College? Probably! Most who have gone are saying it seems genuine. Today I saw where thousands were lined up just to get inside. Why there? Why now? I can't answer those kinds of questions, but God's word is clear on how revival comes. God moves in the lives of those who seek Him with all their heart and soul. Our churches all need revival. Each of our ministries and families will have tons of things planned in the days and months ahead. We all find ourselves far busier than we desire. What if we actually made the sacrifices to force ourselves to take a break and we gave all our effort to seeking God's face and searching for the renewed mind and heart of revival? This is my prayer for you today. I do not believe in chance events. I do believe my God is sovereign in all of His will and plans. He is at work in so many lives today. Would you take some time and seek Him right now? Not just for a few moments but for a significant amount of time so as to truly be wholehearted and soul-committed in our seeking for God's presence, wisdom, power, love and renewed freshness of faith. God will you bless this moment and let my friend who is reading this hear my heart for them? I truly desire for them discover YOUR revival within their heart and soul today. Lots will happen in the days ahead and I believe in what my God is doing. Stay strong, share what God is doing in your life with others, with me, and may we lift up our voices and light the way. Jesus come, Lord Jesus, come please today!
