PRODUCT DATA SHEET	Carboy: 10 L			

Purpose: The main body of the carboy is constructed from polycarbonate (PC) material, renowned for its ability to endure high-temperature processing and withstand low-temperature freezing storage. This makes it an optimal selection for storing sterile liquid dispensing solutions and culture media.

Materials: Bottle: PC Color: Clear
Cap: PP Color: white

Features:

- The bottle body is produced by ISB one step molding process which has better appearance and overall sealing.
- A variety of liquid conversion caps and sealing caps can be selected.
- Handle design for easy access.
- Endurance temperature -80~125 degrees.
- Standard size of barrel mouth which can realize seamless replacement of most liquid storage barrels.
- The carboy body has a molded scale, which is convenient for liquid distribution and use.
- Slim mouth design, the carboy body has high transparency, easy to observe the solution state.
- Autoclavable.
- Manufactured in a Class 10, 000 cleanroom environment.
- Volume:10 L

General technical data

Volume (L)	10
(A)-Height W/CAP (mm)	534.23
(B)-Dia Bottom (mm)	224
(C)-Dia Cap (mm)	106
Pcs/Bag	1
Pcs/Ctn	4
Carton size	55 x 45 x 51 cm
