If supporters of the Arkansas Medical Marijuana Amendment successfully gather at least 90,704 voter signatures on petitions by July 5, 2024, a law allowing people to grow and process marijuana at home will qualify for the November ballot for a vote.

- Crafted by the marijuana industry to be their **out-of-control monopoly**.
- Allows people to **grow marijuana in their backyard** and process it at home.
- **Dangerous tetrahydrocannabinol (THC) extract** will be laced into child-luring gummy bears, chocolates, cookies, and soft drinks.
- Our **schools don't need more drugs** to deal with.
- Our highways don't need more **impaired drivers**.
- Our kids' cell phones don't need **alluring marijuana ads** on them.
- Our state does not need **more addicts**.
- **Love our neighbors and seek the welfare of our cities.** In every state where recreational marijuana has been legalized, communities, families and **children have been harmed**.

GET THE FACTS

RECREATIONAL MARIJUANA BY ANOTHER NAME: The measure eliminates the list of 18 qualifying medical conditions for medical marijuana use in the Arkansas Constitution. People will no longer need a doctor's certification saying they suffer from one of these conditions in order to use marijuana. That means people may be able to smoke marijuana without proving they are sick. They could be totally healthy. This is not true medicine or healthcare. This is recreational marijuana by another name.

UNCONTROLLABLE MONOPOLY: The marijuana industry crafted this amendment and they are writing themselves and marijuana into our state constitution. The amendment prohibits the Arkansas Legislature, cities, or counties from passing any laws, including zoning and taxes, to regulate marijuana use.

THIS AMENDMENT IS SILENT: This amendment does not say how marijuana will be tested to ensure that it has not been laced with deadly drugs like fentanyl. There are no safeguards to prevent illegally grown marijuana from being sold in Arkansas dispensaries.

FOLLOW THE SCIENCE

MORE STONED PEOPLE DO NOT HELP SOCIETY: According to the National Institutes of Health, Mayo Clinic, the Cleveland Clinic, and the World Health Organization, marijuana is addictive, and it can produce withdrawal and dependence. Today's marijuana is many times more potent than in the past.

HARM TO MOTHERS AND CHILDREN: Using marijuana during pregnancy causes complications and it can affect the child later in life causing problems with attention, memory, problem-solving skills, and behavior. Children and infants who are exposed to secondhand marijuana smoke can experience the same issues as the smoker.

MARIJUANA POISONING: Adults who consume food or drinks laced with high concentrations of tetrahydrocannabinol (THC) can experience marijuana poisoning. Children can be poisoned by consuming marijuana candy, cookies, soft drinks or other marijuana edibles.

YOU CAN HELP STOP THE ABORTION AMENDMENT

SPREAD THE TRUTH.

Women with an unplanned pregnancies need all of our support and compassion. Abortion doesn't solve the problem nor can it stop the pain. Instead, it hurts mothers, it compounds their pain, and it takes the life of an unborn child. Thankfully, God's forgiveness is rich and abundantly available to all who have participated in an abortion.

KNOW WHAT THE BIBLE SAYS.

For you formed my inward parts; you knitted me together in my mother's womb. I praise you, for I am fearfully and wonderfully made. —*Psalm 139:13–14a (ESV)*

Before I formed you in the womb I knew you, and before you were born I consecrated you. —*Jeremiah 1:5a (ESV)*

PRAY TO END ABORTION.

Heavenly Father, please stop abortion. I thank you today for the gift of my life, and for the lives of all my brothers and sisters. Today, I commit myself never to be silent, never to be passive, never to be forgetful of the unborn, and never to stop defending life until all my brothers and sisters are protected, through Jesus Christ our Lord. Amen!
